to be Rs 15-875-80 per annum. The Municipal Commissioner has proposed a scale of expenditure, in consultation with the Deputy Commissioner, Mysore district, and with reference to the existing scale and the future actual requirements of the Institution as a whole, which amounts to Rs 13875-8-1, leaving a Receipt of Rs 2000, which he considers to be not adequate. As only the minimum has been proposed and as further reduction of expenditure does not seem to be possible he requests sanction to the proposals involving a total expenditure of Rs 13875-8-1 and a Receipt of Rs 2000 per annum for a period of five years from 1-1-37.

2) Dated 12th Dec 36 with reference to para 2 supra

It is a point for consideration whether there is any necessity for a clerk and 5 orderlies in addition to the Superintendent on Rs 60 and whether the latter cannot now attend to the work of the office. It is also a point for consideration whether there is any necessity for 4 watchmen.

GENERAL SECRETARY. 9 DEC. 1936

SIR,

Fixing a scale of Income and Expenditure in the Sri Ranganathaswami and other temples at Sivasamudram.

I have the honor to state that Clause 9 of the Scheme approved by the Madras Hindu Religious Endowments Board lays down that the Superintendent should, within one month of his assuming charge of the temples, prepare a scale of expenditure in respect of each of the temples and submit the same to the Trustees for approval, a copy of the scale as sanctioned being sent to the Board.

2. In this office letter of the 15th June 1936, the Deputy Commissioner of the Mysore District was requested to instruct the Sub Division Officer, Mandya, to visit the place and study the various requirements of the temples on the spot and submit a comprehensive note on all matters requiring further action. With his report dated 13th July 1936 enclosed in the records herewith sent, the Sub Division Officer submitted a tentative scale of income and expenditure and expressed his inability to discuss the proposals with the Jahgirdar who is the hereditary trustee. Thereupon, the Deputy Commissioner, proceeded to Sivasamudram, discussed the revision proposals with the Jahgirdar who, it is said, agreed to them. The Deputy Commissioner recommended that the scale as formulated by him may be sanctioned for a period of 3 years to begin with (vide his letter dated 30th July 1936--copy enclosed,.

3. Subsequently, I proceeded to Sivasamudram and studied proposals on the spot and also discussed them with the Deputy Commissioner personally. As a result of these discussions, revised statements have since been received from the Deputy Commissioner and a copy of the scale previously in force in the temple has also been traced in the records of this office and put up. A comparative statement showing the previous and the now proposed scale has been appended for convenience of reference. The expenditure under Establishment, Nityakatle and Hetchukatle is almost the same. The previous scale provided for an expenditure of Rs 7,074-1-0 under the above heads as against Rs 7,760 of the present scale, resulting in an increased expenditure of Rs 686. This excess is chiefly due to the higher emoluments paid to the Superintendent including pensionary contribution. The previous scale, besides providing for the payment of potgi amounting to Rs 406-12-0, did not make provisions for other items of essential expenditure under IV Miscellaneous, such as, payment of cesses, maintenance of channels, contribution to the Muzrai Establishment Fund and the Endowments Board etc., and all these items have now been fully provided for. All these items of expenditure absorb a sum of Rs 13,875-8-1 against an estimated gross income of Rs 15,875-8-1 and leaves a reserve of Rs 2,000. This cannot be considered as adequate having regard to the several buildings, channels etc., that have to be periodically repaired and efficiently maintained and the several other improvements that are urgently needed but reduction of expenditure does not seem to be possible as only the minimum has been proposed, having regard to the general unhealthiness of the place and other attendant circumstances. I request, therefore, that the scale as finally revised may be sanctioned for a period of 5 years from 1st January 1937. A copy of the sanctioned scale will be sent to the Board Office separately.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Scale of income and expenditure - Sri Ranganathaswami and other temples - Sivasamudram. /0

With reference to your letter No.1665/35-36 dated 12/15th June 36 and n continuation of my letter No.H.196/A.C. dated 20th July 36, I have the onor to submit herewith proposals (as per enclosed detailed statement) for ixing a scale of income and expenditure of the Sri Ranganathaswami and othe emples at Sivasamudram, and to state as follows:-

2. The present income from the endowed inam villages of Purigal Chick- bbagiluhantha and Kaggalipura, calculated on the average of the jamabandi o he last 8 years (1928-29 to 1935-36), works to Rs 12,500 per year. The main emple of Sri Ranganathaswami holds an investment of Rs 40,000 in 4% State oan Bonds, and Rs 20,000 in Charitable Endowment Deposits at 4% interest. A sum of Rs 200 is being realised on account of the Excise Revenue. The preser ncome of the institutions from all sources amounts to Rs 15,100 per year.

3. Expenditure.

Including the main temple, there are 6 institutions on the island, nd the expenditure of each institution is shown under separate heads.

(i) Temple Office Establishment.

In the Scheme approved by the H.R.E.Board, the pay of the Superintendent has been fixed at a maximum of Rs 75 per month. It i necessary that the pay of the Superintendent should be fixed at Rs 7 so as to attract suitable and qualified persons to the post who should satisfactorily manage the affairs of the several institution which are situated in and out of the way place outside the limits o the State. A Parupathegar and clerk on Rs 25 to maintain the accoun is provided. A peon on Rs 6 and a monthly contingent charge of Rs 4 are provided.

(ii) The pay of the archaks of the Sri Ranganathaswami and the Sri Someswaraswamy has been proposed at a uniform rate of Rs 15 each. In addition to the kavalgars, the entertainment of two retired sepoys with ordinary guns, on Rs 15 each, is necessary to guard the temple and its moveables. The pay of the several employees has been propo ed, having regard to the local conditions and the scale of pay they were getting previously from the Jahgirdar.

(iii) The provisions under Nityakatle and Hetchukatle have been proposed according to the importance of each of these institutions.

(iv) Under Miscellaneous Expenditure, necessary provision towards payment of Government dues on inam villages, charges of Special Es- tablishment employed for collection work, including their pensionar contribution and remuneration to Village Officers, and contribu- tions towards the Muzrai Establishment Fund and the H.R.E.Board, Madras, have been made in the proposed scale. A reserve amount of Rs 1,894 has also been ear-marked towards the repairs and other un- forseen charges. The proposed scale of expenditure is as follows

(1)	Establishment of all temples including temple office	4,04
(2)	Nityakatle	2,80
(3)	Hetchukatle	27
(4)	Miscellaneous	7,95
		15,10

I have discussed each item of the proposed scale with the hereditary trustee, the Jahgirdar. He is agreeable to the proposals.

4. I request that sanction may kindly be accorded to the scale proposals in consultation with the H.R.E.Board, Madras, for a period of 3 years to begin with.

5. During my visit to Sivasamudram on the 26th instant to discuss the scale proposals with the Jahgirdar and to study the requirements connected with the institutions, the temple employees in a body, represented to me that their pay for the last two months might be disbursed to them. As their condition was a hard and pitiable one in a place like Sivasamudra I have issued orders to the Amildar to disburse their pay from the date of their employment and permitted the continuance of the temporary monthly paditara grant of Rs 50 pending sanction to the scale proposals.

6. As the temple jewels have not yet been handed over to the Superintendent by the Jahgirdar, I requested him to hand them over to the Taluk Amildar with the original list, before my visit to the place. He informally told me that he has kept them at Coimbatore and that he would hand over them early.

7. I have submitted a separate report as regards the other requirements of the institutions.

8. The connected papers are submitted herewith.

Hon

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

Read:-

Letter No.C.1663/35-36 dated 7th December 1936 from the Muzrai Commissioner in Mysore, submitting for sanction a scale of income and expenditure in the Sri Ranganatharwami and other temples at Sivasamudram for a period of five years from 1st January 1937.

Fixing a scale of Income and Expenditure in the Sri Ranganatheswami and other temples at Sivasamudram.

I have the honor to state that Clause 9 of the Scheme approved by the Madras Hindu Religious Endowments Board lays down that the Superintendent should, within one month of his assuming charge of the temples, prepare a scale of expenditure in respect of each of the temples and submit the same to the Trustees for approval, a copy of the scale as sanctioned being sent to the Board.

2. In this office letter of the 15th June 1936, the Deputy Commissioner of the Mysore District was requested to instruct the Sub Division Officer, Mandya, to visit the place and study the various requirements of the temples on the spot and submit a comprehensive note on all matters requiring further action. With his report dated 13th July 1936 enclosed in the records sent, the Sub Division Officer submitted a tentative scale of income and expenditure and expressed his inability to discuss the proposals with the Jahgirdar who is the hereditary trustee. Thereupon, the Deputy Commissioner, proceeded to Sivasamudram, discussed the revision proposals with the Jahgirdar who, it is said, agreed to them. The Deputy Commissioner recommended that the scale as formulated by him may be sanctioned for a period of 3 years to begin with.

3. Subsequently, I proceeded to Sivasamudram and studied the proposals on the spot and also discussed them with the Deputy Commissioner personally. As a result of these discussions, revised

statements

A statement showing the existing and sanctioned scales of income and expenditure of the institution is appended to this order.

Income and Expenditure

Sanctions a scale of —— of Sri Ranganathaswami and other Temples at Sivasamudram.

READ—

Letter No. C 1668—55-36, dated 7th December 1936, from the Muzrai Commissioner in Mysore, submitting for sanction a scale of income and expenditure in the Sri Ranganathaswami and other Temples at Sivasamudram for a period of five years from 1st January 1937.

Fixing a scale of Income and Expenditure in the Sri Ranganathaswami and other Temples at Sivasamudram.

I have the honour to state that Clause 9 of the Scheme approved by the Madras Hindu Religious Endowments Board lays down that the Superintendent should, within one month of his assuming charge of the temples, prepare a scale of expenditure in respect of each of the temples and submit the same to the Trustees for approval, a copy of the scale as sanctioned being sent to the Board.

2. In this office letter of the 15th June 1936, the Deputy Commissioner of the Mysore District, was requested to instruct the Sub-Division Officer, Mandya, to visit the place and study the various requirements of the temples on the spot and submit a comprehensive note on all matters requiring further action. With his report, dated 13th July 1936, enclosed in the records herewith sent, the Sub-Division Officer submitted a tentative scale of income and expenditure and expressed his inability to discuss the proposals with the Jahgirdar who is the hereditary trustee. Thereupon, the Deputy Commissioner, proceeded to Sivasamudram, discussed the revision proposals with the Jahgirdar who, it is said, agreed to them. The Deputy Commissioner recommended that the scale as formulated by him may be sanctioned for a period of three years to begin with.

3. Subsequently, I proceeded to Sivasamudram and studied the proposals on the spot and also discussed them with the Deputy Commissioner personally. As a result of these discussions, revised statements have since been received from the Deputy Commissioner and a copy of the scale previously in force in the Temple has also been traced in the records of this office and put up. A comparative statement showing the previous and the now proposed scale has been appended for convenience of reference. The expenditure under Establishment, Nityakhatle and Hetchukatle is almost the same The previous scale provided for an expenditure of Rs. 7,074-1-0 under the above heads as against Rs 7,760 of the present scale, resulting in an increased expenditure of Rs. 686 This excess is chiefly due to the higher emoluments paid to the Superintendent including pensionary contribution The previous scale, besides providing for the payment of potgi amounting to Rs 406 12-0, did not make provision for other items of essential expenditure under IV Miscellaneous, such as payment of cesses, maintenance of channels, contribution to the Muzrai Establishment Fund and the Endowments Board, etc., and all these items have now been fully provided for All these items of expenditure absorb a sum of Rs 13,875-8-1 against an estimated gross income of Rs 15,875-8-1 and leaves a reserve of Rs. 2,000. This cannot be considered as adequate having regard to the several buildings, channels, etc., that have to be periodically repaired and efficiently maintained and the several other improvements that are urgently needed but reduction of expenditure does not seem to be possible as only the minimum has been proposed, having regard to the general unhealthiness of the place and other attendant circumstances. I request, therefore, that the scale as finally revised may be sanctioned for a period of five years from 1*st January* 1937. A copy of the sanctioned scale will be sent to the Board Office separately

ORDER No. 1023-5—MUZ. 126-36-4, DATED BANGALORE, THE 20—26TH JANUARY 1937.

Government are pleased to sanction the scale as finally revised by the Muzrai Commissioner providing for a total expenditure of Rs. 13,875-8-1 against the gross income of Rs. 15,875-8-1 and leaving a reserve of Rs. 2,000 per annum, for a period of five years from 1st January 1937.

2. A statement showing the existing and sanctioned scales of income and expenditure of the institution is appended to this order.

M. VENKATESA IYENGAR,
Secretary to Government,
General Department.
